## Strike Is Called Off By A. F. of L. Miners and the Millmen

1500 WORKERS  
AT GARY RETURN  
TO THEIR JOBS

Proclamation By Gov. Boyle

The Tonopah and Divide strike is officially declared off. Craftsmen and mine and mill workers included in all of the labor organizations here, which profess American principles have officially voted to return to work. No other type of organization or mob has any legal or other standing in this state, nor will any such aggregation be permitted to labor any town or district in Nevada by any form of public or spoken allegation that a strike originated by it is in force or that any workman is a scab.

Any returning work must not under any set of circumstances be injured or insulted because of the action that they may take in such return.

The full power of the state is back of every member of an American union who acts in conformity with the legal decision of the body with which he is affiliated, and there is no back in this instance of every decent man who desires to work.

GARY, Ind., Oct. 3.—Alarmed at the defection of 1,500 men from their ranks yesterday, leaders of the strong steel workers today exerted every influence to keep their lines intact. A series of meetings will be held, and picket lines strengthened.

AVOID CLASHES  
WITH ITALIANS

With 4 days of conferences extending over a period of three days ending yesterday, leaders of the mine operators of the Tonopah and Divide districts and the workers in the same districts arrived at an agreement not made by which of itself, which had lasted forty-eight days, was called off and an agreement by the operators that all miners should resume tomorrow morning at the usual hour.

Gentlemen After a careful consideration by the Tonopah trades assembly of the proposition submitted by the Tonopah and Divide Mine Operators' association, under date

of September 29, 1919, for a settlement of the present strike, you are respectfully advised that the entire proposal as submitted has been rejected.

For the purpose of bringing the controversy to a conclusion, so far as the craft unions are concerned, and making possible the restoration of normal conditions in the two districts, the Tonopah trades assembly

and officers either with the workmen or any property either by means or otherwise, would call for prompt repatriation from the authorities.

The meeting this afternoon was opened with the selection of prop-

erites on which work would start in the morning without fail. Among these are the Tonopah Divide and

BRITISH STRIKE  
GROWING GRAVE

(By Associated Press)

LONDON, Oct. 3.—Hope for an early settlement of the railway strike, which seemed to brighten yesterday, faded when it became known that efforts to mediate between the government and the national union railway men had failed.

That the situation is grave is generally admitted. Premier Lloyd George admits that the men resume work before negotiations are re-

opened.

BROTHERHOODS  
WILL NOT ACT

(By Associated Press)

WASHINGTON, Oct. 3.—Railway unions representing more than two million workers will not participate in the industrial conference called by President Wilson for next Monday unless the basis of labor's representation is changed to include the chief executives of all national and international unions. Timothy Shean of the brotherhood of firemen, an-

nounced.

NO PUTTING OFF

OMAHA, Oct. 3.—Seven men were arrested today on charges of participating in the Sunday riots, which brought the total to seventeen. Governor McKelvie is conducting a probe into the cause of the disturbances, assisted by state agents. General Wood announced the city calm. He made arrangements to leave for Chicago.

BURGLARS GROW  
DURING YEAR

(By Associated Press)

LONDON, Sept. 22.—Burglary has increased eighty per cent in London during the past year, and burglary insurance companies are urging policy holders to help them detect the gentlemen who covet other people's property and take it.

"We tell a householder that if he would remove the ordinary rim lock and replace it with a mortised lock, one sunk in the edge of the door, he would make his premises safer than an official. The first can be readily pried; the second is almost burglar proof."
